

## Our Solutions

### | Solar cell upgrade system

- 16 - 36% more efficiency
- Integratable into production
- Retrofittable

### | Thermal protective coating

- Temperature is lower by 20 degrees Celsius
- Transmission over 90%
- Applicable for:
  - Windows
  - Transformer enclosures

### | Electron booster

- Plug and play
- Increases the efficiency of solar panels to **150%**
- Applicable anywhere
